# INDEX TO MACHINERY

## VOLUME 101

ITEMS MARKED \* ARE PATENT SPECIFICATIONS.

A	PAGE	FAGH	PAGE
A.C. Spark Plug Division, General Motors Corporation:			
Casting Characteristics of Zinc, Aluminium and Magnesium	1256		
A.E.G. Television Camera for Very High Temperature	86		
AEI/Hotpoint, Ltd.:			
Producing Washing Machines	1448		
A.E.I. (See Associated Electrical Industries, Ltd.)			
A.P.V. Co., Ltd.:			
Large Aluminium Plates for a New Daphne Research Reactor	98		
Acbars, Ltd.	309		
Accuracy. Advances in Machine Tool	563		
Accuracy of Industrial Measurement of Length and Diameter. Conference on the	235		
Accuracy in the Operation of Large Machines. Arrangements for Improving	81		
Accuratool Capstan Lathe with Programme Control. Demonstration of	380		
Accured Micrometer Height Gauge. Amar	782		
Acid-Gel Rust Remover	35		
Acoustic Research Facilities at PERA, New	1105		
Acadrive-22 Low-speed Hydraulic Motor. Cincinnati	813		
Actuator. Kinetrol Air-operated	321		
Adam Machine Equipment Ltd.	969		
Adcock & Shipley, Ltd.:			
British-built Bridgeport Machine. Horizontal Milling Attachment for Bridgeport Machine	124		
Saw-blade	591		
Advertiser Tool Co., Ltd.	194		
Adel Tool Co.:			
Hand-operated Nibbling Tool	40		
Aerojet-General Corporation:			
Complex Missile Component Produced by Band-sawing	318		
Aeroplane & Motor Aluminium Castings, Ltd.:			
Molten Metal Delivered by Road	1246		
Aeroprojects, Inc.:			
Ultrasonic Tube Drawing	626		
Agregatnik Type 5M 714 Gear Shaving Machine	148		
Air, Compressed, Equipment. Norwegian "Miniature"	1316		
Air Cylinders. New Martonair	912		
Air Gap Gauge. Teddington Adjustable	1199		
Air Gauge Spindles made from Ferro-Tic C Machinable Carbide	1127		
Air Gauging Equipment for Relay Pole Pieces. Solex Cybermetric	418		
Air Gauging. Symposium on	1083		
Air Grinders. Flexmaster Carbide Burrs and	516		
Air-hydraulic Drilling Attachment for a Centre Lathe. Speedy & Eynon	180		
Air- or Hydraulically-operated Clamps. Destaco	1203		
Air-line Equipment. Efficient Methods for Batch Production of Norgren. M.P.J. Sheffield	980, 1220		
Airline Welding & Engineering Co.:			
Melt-through Welding Employed for the Production of Ribbed Rails	627		
Air Nip Pliers. Consolidated Pneumatic	366		
Air-operated Actuator. Kinetrol	321		
Air-operated Compound Table. C.S. Carburettors Type K 500-1	832		
Air-operated Control Unit. Pryor	834		
Air-operated Drilling Units. Dessoarer	701		
Air-operated Gauging Machine. M.P.J. Sheffield	897		
Air-operated Machine for Piercing Four Cross-holes. Schrader Automatic	812		
Air-operated Plate Press. "Automatic Equipment"	1198		
Air-operated Press. J. & S. Brauns	681		
Air-operated Transportable Conveyor. Udal Type MA-48-12	705		
Air Valves. Martonair S.1600 Series	374		
Air Valves. Red Ring Multiple Manifold-type	1468		
Aircraft. The Brazing of Stainless Steel Honeycomb Panels for	716		
Aireworth Engineering Co.:			
Baldair Chain-pulley	164		
Airflow Roll Form Corrugating Machine. Scotts	92		
Airmec, Ltd.:			
Production Line for Autoset Control	1437		
Airtech, Ltd.:			
Application of Tungsten-inert-gas Spot-welding Technique	720		
Ajax Mfg. Co.:			
Ajax Hogue Double-draft Wire Drawing Attachment	886		
Akashi Servo-controlled Precision Gear Hobber	1474		
Al-Coat Corrosion-resisting Coating for Aluminium. Iridite No. 14E	715		
Alcan Industries, Ltd.:			
Norabryte Etching Process for Aluminium	1191		
Aldridge Layout Fixture for Preparing Enlarged-scale Drawings	695, 859		
Alexander, George, H. Machinery, Ltd.:			
Cutting Tests with DoALL Bandsaw Blades	486		
See also 196, 371, 539, 555, 886			
Allied Research Co., U.S.A.	715		
Alloy, Fusible, Cores for Wave-guide Manufacture	1311		
Alloys, Hard Facing, for Deposition by Gas and Arc Welding	855		
Alltools, Ltd.:			
Futurmill Demonstration at	1082		
Almco Suspension Division of Gt. Britain, Ltd.:			
Thru-Feed Barrelling Equipment	1066		
Vibrashen Vibratory Finishing Machines	721		
Alpha 100-ton Die Try-out Press	704		
Alpina Universal Calculator	245		
Aluminium Chips, Reclaiming, at a Transmission Factory	1287		
Aluminium Coating. Improvement of Fatigue Strength by	241		
Aluminium Foils, Ltd.:			
New Aluminium Foil Pack for Ball Bearings	1060		
Aluminium Laboratories, Ltd.:			
Norabryte Etching Process for Aluminium	1191		
Spot-welding Aluminium by the Tungsten-inert-gas Technique	720		
Aluminium Plates for a New Daphne Research Reactor. Large	98		
Aluminium Sheet. Stainless Steel Clad	18		
Aluminium, Spot-welding, by the Tungsten-inert-gas Technique	720		
Aluminium Typewriter Frame	961		
Transfer Machining of Die Cast			
Aluminium Vessels. Forming One-piece Hollow	733		
Aluminium, Zinc, and Magnesium. Casting Characteristics of	1256		
Aluminum Co. of America:			
Stainless Steel Clad Aluminium Sheet	18		
Alundum Grinding Wheels. Norton 23	941		
Alvis, Ltd.:			
Set-up on Herbert No. 8 Pre-emptive Lathe for Turning Gas Turbine Components	360		
Amar Accuread Micrometer Height Gauge	782		
Ambressey Engineering Co., Ltd.:			
Screw Head Slotting Machine	1277		
American Machine & Foundry Co.:			
Automatic Milling Cutter Grinding Machine with Electrolytic Equipment	844		
American Metal Products Co.:			
Production of an Axle Housing Incorporating Cold-extruded Sleeves	398		
American Optical Co.:			
Experimental Welding with Lasers	1188		
American Tool Works Co.:			
Tape-controlled Centre Lathes	195		
Anderston Clyde Engineers Ltd.:			
Cutlass Circular Sawing Machine	1199		
Angie, Apton Cold-rolled Steel, for Cabinet Construction			
Angle Cropping Machine. Kingsland Type D 50 Bar and	707		
Annealing Furnace. A Continuous	640		
Anocut Engineering Co.:			
Electrolytic Equipment on Automatic Milling Cutter Grinding Machine	644		
Electrolytic Machining by the Anocut Process	935		
Anti-Dust Services, Ltd.:			
Treatment of Floors for Dust Collection	376		
Apprentice School. MECO	738		
Apprentice Training School. Asquith Apton, Ltd.:			
Cold-rolled Steel Angle for Cabinet Construction	707		
Apwar, Ltd.:			
Long Sl Redman Automatic off Oper Miyano Automatic Machine Etamic Automatic Delta Hi Automatic Shoe-cent Die Cast Automatic Keir Automa Machine Automatic Flame-cut Bar Automatic Russian Automatic Drilling Automatic Machine Automatic Chucking Gear Blank	421		

# INDEX TO MACHINERY, VOLUME 101

3

PAGE	PAGE				
Assembly and Removal of Large Bearing Rings. Induction Heating for the	90	Automatic Roll Forging Machines. Eumucu	317	Baier. Portable Motor-driven Transportable	184
Associated Electrical Industries Ltd.: Air Gauging Equipment for Relay Pole Pieces	416	Automatic Screw Assembling Machine. Feldpausch	1417	Balfour, Henry, & Co., Ltd., New Fabrication Shop for	1491
Development of Circarc Gearing	134	Automatic, Semi-. Production of Pistons	116, 172, 228	Ball and Roller Bearings. Some Aspects of the Manufacture of Pollard Standard	508
Film: Analysis by Mass	1209	*Automatic. Spindle-indexing Arrangement for an	892	Balls. High Precision Stellite	1309
Magnetic Seal for a Rotating Shaft	571	Automatic Surface Broaching Machine. Detroit	347	Balls, New Method of Measuring the Diameters of, to a High Precision	904
New Thyatron	200	Automatic Transfer and Loading Arrangements Employed by Vauxhall Motors, Ltd.	116, 172, 228	Band saw Blades. Cutting Tests with DoAll	486
Project Training Scheme for Student Engineers	50, 322	Automatic Transfer System. Demonstration of the Glydo	1489	Band sawing. Complex Missile Component Produced by	318
Astra Type AFC 4 Universal Tool and Cutter Grinder	422	Automatic Transmission. Producing the Westinghouse	1336, 1392	Band sawing Machine. Set-up for Simultaneously Cutting Two Blocks of CIBA Acroweb Metal Honeycomb on a Micsaw	325
Atlas Missile. Some Typical Operations Involved in the Production of Bulkheads for the	580	Automatic. Unimat Single-spindle	826	Bar and Angle Cropping Machine. Kingsland Type D 50	640
Audio - activated Equipment for Counting. Trumeter	1070	Automatic Vertical Honing Machine. Fuji	1473	Bar. Automatic Machine for Profile Flame-cutting Components from Bar Feed Unit for Power Driven Hacksaw. Wicksted Automatic	314
Aufdulph, W.: Finishing Components for Cash Registers by Vibration Deburring	1110	Automatic Welding Equipment for Finned Heat Exchanger Tubes. Selsky	1192	Bar-feeding Equipment for a Crack-detection Unit	882
Austin, James, & Sons (Dewsbury), Ltd.: Set-up for Cutting a 36- by 12-in. Universal Beam to Produce a 60-ft. Castellated Beam	532	Automatic Welding Machine for Motor-car Body Sub-assemblies. Steelweld	1201	Bar Production (Bromsgrove), Ltd.: Flame-plated Honing Mandrels	1238
Austin Motor Co., Ltd.: Hymatic Link-line for Layshaft Gears	85	Automatic Wire Measuring, Cutting and Stripping Machine. Airos	305	Bar and Tube End De-burring Tools. Burflex	1115
Autech Type H100 Electro-magnetic Riveting Machine	882	Automatics. Demonstration of Tarex and Strohm	852	Bar Turning Machine. Farmer Norton Automatic Centreless	1114
Auto-Thermic Pistons. Operations on	100	Automation of the Die Casting Process	1252	Barbican, T.P.: New Trends in Gravity Die Casting Practice	489
Autocast Self-pouring Die Casting Machines. Stahl	233	Automation. Low Cost	105	Barlow-Whitney, Ltd.: High/low Temperature Environmental-test Cabinets	1112
Autoclave for De-waxing Investment Shell Moulds	1372	Automation for Small-batch Production	1276	Barmax Fully-automatic Electro-chemical Metal Forming Machine	1247
Autogrip Type 100P Roll-feed Press	1199	Autoscan Line Following Device. B.O.C.	462	Barrel Zinc Plating Plant. Eco-Udylite Type C	301
Autolock Type S Chuck for Milling Cutters. Clarkson	702	Autoset Controls. Production Line for 1437	1072	Barrelling Equipment. Almco Thru-Feed	1066
Automated Drilling and Punching of Printed Circuits	190	Autoset (Production), Ltd.: Machinery Transporter	995	Barrels. Set-up for Spinning Halves of Aluminium	798
Automated Handling Equipment for Pistons	117	Auxiliary Rolling Machinery, Ltd.: Rotary Trimming Unit for Removing Strip Ends	995	Barrymount Machine Mounts. Kendall & Gent Vertical Milling Machine Mounted on	1334
Automated Vibratory Finishing of Transmission Valves	263	Aveco Corporation: New Type PG 100 Plasma Gun for Flame Spraying	1049	Bartron, H.K.: Die Casting Supplement 1937-1962	996
Automatic Assembly of Electrical Equipment	242	Avdel, Ltd.: Titanium Self-plugging Blind Rivet	890	Gooseneck-type Injection Arrangements for Die Casting Machines	654
Automatic Centreless Bar Turning Machine. Farmer Norton	1114	Aveling - Barford, Ltd.: Typical Operations at the Works of	894	Metal Flow in Thin-walled Die Castings	201
Automatic Control Equipment. Producing Components for	364, 1036	Avnet-Shaw Corporation: Progress in the Mechanization of the Shaw Process	351	Operational Variables in the Die Casting Process—Their Analysis and Control	1479
Automatic with a Counter-rotating Spindle Slide. B. & W.	373	Axle Housing. Production of an, Incorporating Cold-extruded Sleeves	396	Baskets. Self-stacking Storage	1393
Automatic. Crawford Feed Finger for an	694	Axle Shafts. Garringtons Induction Hardening Machine for	193	Batch Production. Automation for Small	1276
Automatic Electro-chemical Metal Forming Machine. Barmax Fully	1247	Aylesbury Automation, Ltd.: Rotary Disc Feeder	1242	Batch Production of Norgren Units. Efficient Methods for	980
Automatic Equipment, Ltd.: Air-operated Platen Press	1198	B.D.M. Chamfering and Parting-off Machine	79	Batch Production under Tape Control at the Works of Boulton Paul Aircraft, Ltd.	766
Automatic Equipment for Producing Long Sheet Metal Components. Redman	1418	B.H.P. Machine Tool Co., Ltd.: Lightweight Coil Cradle and Straightener	706	Bath. The Tecam (R) Fluidized Bed. The Ercanault, Lathes	1202
Automatic for Forming and Cutting-off Operations on Bar Material. Miyano	1300	B.I.C.C. Burndy, Ltd.: Thermoweld Welding Process	488	Baty No. 600 Optical Projector	680
Automatic Gauging and Sorting Machine for Valves. O.M.T.-Etamic	1128	B.I.P. Engineering, Ltd.: New BIPEL Injection Moulding Machine	1193	Bausch & Lomb, Inc.: Type DR-25B Optical Gauge	94
Automatic Gauging Machines. Tokyo Delta High-speed	1415	B.P.S. Machinery & Spares, Ltd.: Machine Tool Demonstration	604	Bayliss & Withers, Ltd.: Bar-feeding Equipment for a Crack-detection Unit	1190
Automatic Grinding Machine. Nipper Shoe-centreless	1469	See also	1374	Beam. Developments in Electron, and Light Beam Techniques for Metal-working	59
Automatic High-speed Operation of Die Casting Machines	1006	B.S.A. Precision Castings, Ltd.: Modern Investment Mould-making Techniques	620	Beam, Set-up for Cutting a 36- by 12-in. Universal, to Produce a 60-ft. Castellated	532
Automatic Indexing Work Tables. Keir	93	B.S.A. Small Tools, Ltd.: Golden Arrow High-speed Twist Drills	786	Beam Unit. Intercol Electron	138
Automatic Internal Grinding Machine. Strakonice	574	B.S.A. Tools, Ltd.: Penatron Spark Erosion Machine	375	Beam Welding. Electron, without Vacuum	1180
Automatic Machine for Profile Flame-cutting Components from Bar	314	B-W High/low Temperature Environmental-test Cabinets	1112	Beam Welding Rotors for Gas Turbine. Electron	1015
Automatic Machines for Camshafts. Russian	257	Baird Machine Co.: British-built Baird Machines	612	Bearing Cages. Resistance-welded Ball	1077
Automatic Magazine Feed Set-up for Drilling Brass Cups	867	Type 5L 40-ton Transfer Press	649	Bearing. Cooper 850-mm. Split Roller on Trunnion of L.D. Steel Converter	327
Automatic Milling Cutter Grinding Machine with Electrolytic Equipment	644	Baker, John, & Sons, Ltd.: Rust-resistant Files	1071	Bearing. "Free-Flex" Cross-spring Pivot	910
Automatic Orientating Unit for Pistons	173	Balancing Motor-car Crankshafts. Renault Transfer Machine for	744	Bearing Rings. Induction Heating for the Assembly and Removal of Large	90
Automatic, Pittler Pidofat 2-spindle Chucking. Set-up for Machining Gear Blanks	604	Works of	877	Baldwin-Lima-Hamilton Corporation	1416

Milling Machines. Precision Stainless Steel Castings for	133
Milling Attachment for Bridgeport Machines. Horizontal	591
Milling, Boring and Drilling Machine. Large Ingersoll	81
Milling and Boring Machine. Uragna-Hettich	1409
Milling Chain Block Wheels on a Hayes Tracemaster Machine	986
Milling, Contour, Time and Cost Comparisons for Electronic and Conventional	1321, 1335, 1459
Milling, Contour, Economics of Electronically - controlled Machine Tools for	1321, 1335, 1459
Milling Cutter. Galton's Wedgmill Face	778
Milling Cutter Gang. Setting Equipment for	754
Milling Cutter Grinding Machine with Electrolytic Equipment. Automatic	644
Milling Cutter with Throw-away Tips. Dorner	1314
Milling Cutters. Miniature Centre Drills and End	903
Milling Cutters with Throw-away Tips. Marwin Max-E-Con Face	698
Milling and Drilling Machine. Special Renault	1345
Milling Fixture for Holding Several Parts	890
Milling, Generating Spheres by Using Throw-away-tipped Cutters	774
Milling Heads. Ferro-Cut Unit	886
Milling Internal Slots. Attachment for	29
Milling Large Radii. Set-up on a Bridgeport Machine	124
Milling a Locating Surface on a Machine Tool Bed on a Cincinnati Hydro Plano-milling Machine	360
Milling Machine. Conti Type CVU 1500 Universal	960
Milling Machine. Gambin Type 2M Universal	468
Milling Machine. Huré No. 96 N Universal	467
Milling Machine, Huron Type KU.6M, Converted to Accept Ferranti 3-dimensional Control Equipment	610
Milling Machine. Japanese-built Hitachi Seiki Type 2ML-V Vertical	1080
Milling Machine. Kirov Type 675 Toolroom	147
Milling Machine for Light Alloy. Wadkin Rotary Table	1344
Milling Machine. Makino Programe-controlled Vertical	1407
Milling Machine. Matsuura 3-spindle Vertical	1408
Milling Machine. Rouchaud & Lamassiaude Type FH 60C	471
Milling Machine. Russian-built 6M82 Universal	1325
Milling Machine. Sankyo Cam-controlled	1410
Milling Machine. Somua Type CNZ Numerically-controlled	470
Milling Machine. TOS Kurim Type FEA 1A Slot	573
Milling Machine. "Vernier" Type 1160 A	469
Milling Machines. Pegard Horizontal Boring and	1138
Milling, Report on Contour	1321, 1335, 1459
Mills, George, (Engineers), Ltd.: Fielding 800-ton Hydraulic Press for Production of Upset Forging	247
Milwaukee-Matic. Application of Kearney & Trecker	1280
Mining Engineering Co., Ltd.: Apprentices School	736
Miniswitches. Craig & Derricott	586
Missile Component Produced by Band-sawing, Complex	318
Missile. Fabrication of Tanks for the Saturn C-1	641
Missile Cases Expanding Machine for Accurately Sizing	723
Missile. Some Typical Operations Involved in the Production of Bulkheads for the Atlas	580
Mitsubishi Electrolytic Die-sinking Machine	1413
Mitsubishi Gear Shaving Cutter Re-grinding Machine	1473
Mitsubishi Precision Machinery & Engineering Co., Ltd.: Jidic 7 Jig Borer with Numerical Positioning Equipment	1360
Miyano Hydraulically-operated Type UJ-150 Lathe	1293
Miyano Type NE-S16 Automatic for Forming and Cutting-off Operations on Bar Material	1300
Mobile Unit for Dorner Products	272
Model of Grinding Machine. Head Wooden	1324
Model for Press Tool Design. Visual Instructional	517
Moes, Joh., & Zonen N.V.: Imperator Pillar-type Drilling Machine	200
Molten Metal Delivered by Road	1246
Mona-Hobson Tangential-feed Form Grinding Machine	546
Mondale Gallic 14 Centre Lathe	424
Monitoring System. New Remote	516
Monks & Crane, Ltd.: New Bristol Premises	49
Monsanto Chemicals, Ltd.: Autoclave for De-waxing Investment Shell Moulds	1372
Moore-Catmusr No. 2 Jig Grinding Machine. Set-up on, for Finishing Apertures in a 1-in Thick Split Die	579
Moores (Bournemouth), Ltd.: Airtight Enclosures for Atomic Energy Establishments	1326
Morgan, I. G., M.A.: A Machine for the Precise Measurement of External Diameter	295
Morgan, R.A.P.: Further Developments in the Practice of the Cold Extrusion of Steel and Other Materials	1051
Morgenrothe, Pressenwerk, High-speed Dieing Press	23
Morris, B.O., Ltd.: Mould-filling Equipment	952
Moscow MB13 Thread Grinder and Universal Lapping Machine	146
Motor-car Body Sub-assemblies. Steelweld Automatic Welding Machine for	1201
Motor-car Bumper Roll Forming Machine. Redman	913
Motor-car Components. Some Applications of Ceramic Tools for Machining Pontiac	4
Motor-car Crankshafts. Renault Transfer Machine for Balancing	744
Motor-car Pistons. Semi-automatic Production of	116, 172, 228
Motor-car Transmission Spiders. Cross Trunnion-type Machine for Operations on	420
Motor. Cincinnati Acradrive-22 Low-speed Hydraulic	813
Motors. Changing the Speed of A.C.	527
Motor Control Switch	418
Motors, Starters for Squirrel Cage	834
Mould. Ferrostatics 8-impression, for Production of Guttering Joints in Rigid P.V.C.	780
Mould-filling Equipment. Morris	952
Mould-making Techniques. Modern Investment	620
Mould for Production of Electrical Parts Incorporating Fox & Offord Universal Bolster	686
Moulding Machine. Composite, for Operating Shaw Process. "Foundry Equipment"	354
Moulding Machine. Williams White Large-capacity Blow	888
Moulding Machine. New BIPEL Injection	1193
Moulding Material. Maranyl Plastics	765
Moulds. Autoclave for De-waxing Investment Shell	1372
Moulds. Shaw/Co Composite, In-line Transfer Machine for Producing	353
Mountford, N. D. G.: Automation for Small-batch Production	1276
Mounts. Barrymount Isolating Machine. Kendall & Gent Vertical Milling Machine Mounted on	1334
Mueller Gages Co.: Groove Checking Gauge	591
Multi-purpose Machine. Vertical Contour-grinding and	1131
Multiforge Horizontal Forging Machines. Etchells	1243
Murray Mfg. Corp.: Application of Templet Steel Rule Dies	541, 740
Myford, Ltd.: MG 12-H Hydraulic Cylindrical Machine	1113
N.V. Industries: Standard Unit Die Casting Machine Construction	998

## INDEX TO MACHINERY, VOLUME 101

PAGE	PAGE	PAGE	
Slot-milling Machine. TOS Kurim Type FEA 1A	573	Spartan Double-housing Planomilling Machines. Rockford	1240
Slots. Attachment for Milling Internal	29	Special-purpose 2-way Machine. Ex-Cell-O	423
Slotting Machine. Ambressey Screw Head	1377	Speck, Robert, Ltd.	832, 882
Slotting Machine. Leytool 2-in. Stroke	693	Spectra Chemicals, Ltd.: Spectra-Color Spray	329
Slugs and Castings. Production of Non-ferrous Forgings from Extruded	987	Spectrometer. Film on the Mass	1209
Slugs, Steel. Automatic Inspection Machine for	1103	Speech Recognition Equipment. IBM	611
Small Arms Factory Anniversary. Commonwealth	1328	Speed of A.C. Motors. Changing the	527
Small-batch Production. Automation for	1276	Speed Indexer Unit. Bristol-Erikson Type 600	699
Small-hole Drilling Machine. Electro-Mechano	1244	Speedy & Eynon, Ltd. (1951): Air-hydraulic Drilling Attachment for a Centre Lathe	180
Smart & Brown (Machine Tools), Ltd.: Redesigned Series L Capstan Lathe	1029	Spencer Franklin, Ltd.: Spenkin Hydraulic Vice for Milling Machines	197
Smith, Stanley: Automatic High-speed Operation of Die Casting Machines	1006	Spencer & Halstead, Ltd. 50th Anniversary	1492
Spera Equipment Incorporating Wales-Strippit Hole-punching Units	471	Sperry Gyroscope Co., Ltd.: Set-up for Machining Mantle Components for Magnetic Storage Drums	99
Snow Mfg. Co., U.S.A.: Type TR-4 Vertical Spindle Threading Machine	1263	Sperry Microwave Electronics Co.: Accurate Profiling under Spark-gap Control	83
Snyder Machines to be Built in U.K.	737	Spheres, Generating, by Milling Using Throw-away Tipped Milling Cutter	774
Soag Machine Tools, Ltd.: Demonstration of Wire and Strip Forming Machines	1027	Spherical Pressure Vessels. Seam Welding Operations on	248
See also	424, 1121, 1194	Spherical Surfaces. Grinding Accurate Internal Part	1403
Société Genevoise, Ltd.: Early SIP Jig Borer	891	Spheroidal Graphite Cast Iron for Very Low Temperature Applications. New	1353
Société Mécanique de Precision de l'Atlantique Type VHP High-speed Hobbing Machine	467	Spiders. Cross Trunnion-type Machine for Operations on Motor Car Transmission	420
Society of Die Casting Engineers: Die Casting Supplement 1937-1962	1265	Spin-Hard Heat Treatment Process	294
Socket, Brass. Meddings Rotary Transfer Machine for Operations on	545	Spin-Indexing Arrangement for an Automatic	892
Solar Weld Languepin, Ltd.	549	Spinning Halves of Aluminium Barrels. Set-up for	798
Soldering Machine. Fry's Flowdipper	1198	Spinning. The Production of Gas Turbine Shafts by Shear	598, 737
Soldering Machine. New Fry's Flow-solder	589	Spline Broach. Large Lapointe In-volute	1373
Soldering Oven. Conveyor-fed	1422	Spray Coating of Ferrous Surfaces. Recent Developments in the Arc Plasma	1126
Solex (Gauges), Ltd.: Column Indicator which Incorporates a Sealed Circuit for the Liquid	686	Spraying. Berridge Vertical Traverse Unit for Paint	1063
Cybermetric Air Gauging Equipment for Relay Pole Pieces	416	Spraying Equipment. Metco Type 2MB Plasma Arc Flame	1226
Solus-Schall, Ltd.: Conductiflux Crack Detection Equipment	858	Spraying, Flame, New Avco Type PG 100 Plasma Gun for	1049
Somet Machines for Inspecting and Grading Bearing Rings, Rollers and Balls	578	Spring-end Grinding Machine. Bennett Type SG-1-14 Single-head	1434
Sousus Type CNZ Numerically-controlled Milling Machine	470	Spring Grinder. Bennett Multi-spindle	97
Sorby, George, Ltd.: Ashlow Automatic Packaging Machine	1076	Spring Manufacturers' Research Association Open Days	271
Sorensen Center-Mikes, Inc.: Roto-Mike Marking-out and Inspection Fixture	368	Springfield Machine Tool Co.: Vertical Contour-grinding and Multi-purpose Machine	1131, 1268
Sorting Machine for Valves. O.M.T.-Etamic Automatic Gauging and	1128	Springs, Coil. Setting Camshaft of Special Machine for Testing of	271
Soudure Electrique Languepin: Boring and Profiling Head for Seleromat Spark Erosion Machines	549	Square D, Ltd.: New Works	911
Soundness of Very Large Castings. Checking the	1137	Squares. The Engineer and the Method of Least	403
Southern Engineering & Machinery Co	467	Stacking Electric Motor Laminations	1038
Sparcator (Manufacturing), Ltd.: GPO-E200 Electrolytic Grinding Machine	554, 807	Staehely Type SH 510 Hobbing Machine Set Up for Roughing and Finishing Cuts on Gear Blanks	606
Spark Discharge. The Electric	1053	Staffa Type CF6 Hydraulic Bending Machine	588
Spark-eroding Press Tool Dies—A New Technique	760	Stahl Die Casting Machines	492
Spark-erosion Grooving Machine. Czechoslovakian	577	Stainless Steel Castings for Milking Machines. Precision	133
Spark-erosion Machine. B.S.A. Penatron	375	Stainless Steel Clad Aluminium Sheet	18
Spark-erosion Machine. Usimco C2 TER	312	Stainless Steel Honeycomb Panels for Aircraft. The Brazing of	716
Spark-erosion Machines. Boring and Profiling Head for Seleromat	549	Stainless Steel Tubing Production. Developments in	249
Spark-erosion Process. The Lind-erode	427	Stalle Corporation: Forming One-piece Hollow Aluminium Vessels	733
Spark-gap Control. Accurate Profiling under	83	Stand. Sanderson Dial Indicator	689
